

Design our Peace Garden

Homework Competition

To commemorate the 2nd Anniversary of the Manchester Attack, I would like the children to design our new Peace Garden which has been relocated to the area between the new extension and Portland Road. The Peace Poles which were developed for the first anniversary have been repositioned to this area and there are a few trees already in place. The area will be used as a quiet, reflective area. A place where children can think and get away from the hustle and bustle of the main playground. Your challenge is to design an area which can be used in this way during lessons and break times.

Here is a photo of the area and a basic plan with approximate measures to help you to visualize the area.

You can present your design in any way you want e.g. as a drawing, PowerPoint, 3D model etc. Please make sure your name and class are clearly marked on your design.

The winning design(s) will be used to create the actual peace garden. All entries must be submitted by Friday 14th June 2019.
