

Gorse Hill Primary School Governor Profile

Name	Dan Musson
Category of Governor	Parent Governor
Occupation	Head of Facilities Planning at the England and Wales Cricket Board
Reason for Volunteering	<p>My son is in Year 1 and my daughter will be old enough for reception in 2022 and I'd like to help ensure they and other children have a great experience of primary education.</p> <p>I believe that I can be helpful to the school, contributing a parent perspective and hopefully adding value with my skills, knowledge and experience.</p>
Leisure Interests	Watching and playing sport (especially cricket!), food and drink (cooking and dining), tv and film, reading and quizzing.
Personal Skills brought to the Governing Body	<p>I have been working in facility development in sport for the past 15 years and before that worked in facilities management at an aircraft manufacturer.</p> <p>I think that transferrable skills from my career to date are likely to include capital project development, strategic planning, budget management, people leadership and management and sport development.</p>
Committee Membership	tbc
Visits to the School	tbc
